

ST. JOHN'S CATHOLIC PRIMARY SCHOOL
Homework Grid – Year

Spring 2nd Half Term 2018

This is our homework grid for this half term. The homework activities are related to our curriculum learning objectives. You can choose to do the activities in any order, but you are expected to complete one homework activity each week. Please make sure that your homework activity is completed and the folder is handed into school on a Friday so it can be marked and returned on the following Friday.

You are also expected to complete your weekly spellings, timetables and continue with daily reading.

Additional copies of the homework grid or resources can be found on the school website. Please speak to your class teacher if you need paper copies.

Maths

Addition and subtraction cube

Follow the instructions on the resource provided. For each calculation, think about whether you could answer it mentally or whether to use a formal method such as column addition/subtraction. Please bring in your score sheet as evidence of the homework being completed.

A bingo game is also provided should you wish to play it.

Science

Take a look at the website below. Spend some times exploring the 'teeth' activities. When you have finished, record what you have learned and bring it to school. This could be a diagram, writing or a poster.
