

ST JOHN'S CATHOLIC PRIMARY SCHOOL

'Let the light of Christ shine in us'

Weekly Newsletter

FRIDAY 24TH APRIL 2020

SUMMER TERM – WEEK 1

Weekly Newsletter

Welcome

Welcome back to the Summer Term.

Firstly, I would like to say a huge thank you for everything you are doing at home to provide an education for your children, through learning and shared experiences.

It has been a pleasure to see all of the hard work that has been going on throughout the week.

Please take a moment to read about some of the work and experiences that children at St. John's have been getting up to.

A polite reminder to all that we really would like you to stay in touch with us as much as possible.

Our prayers and thoughts are with you all in this unusual period.

Keep safe,

Mr. T Timson

Acting Headteacher

Our School Community – Home Learning

A HUGE THANK YOU!

Since I proposed this idea to our senior leadership team and teachers, the pictures have come flooding through.

I will try and mention everyone that has sent us work, but with so many it would be hard to cover everything over these couple of pages. Please know though that I have seen everyone's pieces and really enjoyed hearing about the things you've been getting up to.

I will be sending a newsletter out each Friday, so if you would like to get some work showcased, please make sure you send it into your teachers.

Yuvleen and Arjan have been taking inspiration from Harry Potter! They've been busy conducting a magic potions experiment, exploring the effects of bicarbonate of soda.

The Great British Sewing Bee kicked off on TV this week, and Zavier is proof that you're never too young to start learning the skill. Here he is showcasing how to sew a button.

Making sure her outdoor space is super colourful and inviting, Silva created these Easter-themed arts and crafts. We love her cool plant pots!

Easter really rocked for Izzy who got out her pens and paints and created these pretty art pieces. What a wonderful way to spread joy.

Henry and Eleanor have been learning lots at home, and decided to showcase all of their adventures in this colourful rainbow

What better time to dress up than Easter? Check out Aoife's brilliant homemade Easter Bonnet. She's also been enjoying the outdoors and learnt to ride her bike without stabilisers.

'But as for me, I will look to the Lord; I will wait for the God of my salvation; my God will hear me.' (Micah 7:7)

William's wonderful Worry Monster wouldn't look out of place in a Disney movie. Like Aoife, William's also learnt how to ride his bike without stabilizers!

This is the perfect time to be learning all about the environment and nature, so we loved Valery's Swan Habitat. The swans look pretty chuffed, too!

Special Shout-outs

- Richie has learnt to ride a bike and grown his very own crystals.
- Aidan and Lucille's family have been inventing ways for them all to stay fit, active and... competitive. They've been taking part in the Quarantine Olympics, which sounds like great fun for everyone!

Remember ...if you are struggling with any of the work or want some ideas to help, please do not hesitate to contact your teachers via email.

Thank you for reading.
